

FNF BOTH PARENTS MATTER CYMRU

WHAT WE BELIEVE

- Both parents share common responsibilities for the upbringing of children
- Children have the right to maintain direct contact and a meaningful relationship with both parents following divorce or separation unless this would harm the child.
- Fathers and other male carers need targeted support to help them fulfil their responsibilities to their children as they are currently not being reached by existing services.
- Children should be protected from parents who abuse them in any way including physically, emotionally and psychologically. The charity also campaigns for recognition by Governments and professionals of 'Parental Alienation' as a form of emotional abuse of the child.

- **Campaigning and lobbying**

We campaign to remove barriers to the positive inclusion of both parents and the wider family in the upbringing of children in Wales. We do so by applying the principles of the UNCRC – enshrined in law through the Rights of Children and Young Persons (Wales) Measure 2011. We emphasize the provisions of Articles 9 and 18 in relation to the wellbeing of children. Our petition to the Welsh Assembly for a Charter for Children and Fathers can be found: <https://www.assemblywales.org/epetition-list-of-signatories.htm>
